### Declaration of Originality

Unit Name: Advanced Artificial Intelligence Research Topics COMP6011

#### I/We declare that:

- The above information is complete and accurate.
- The work I am/We are submitting is entirely my/our own, except where clearly indicated otherwise and correctly referenced.
- I/We have taken (and will continue to take) all reasonable steps to ensure my/our work is not accessible to any other students who may gain unfair advantage from it.
- I/We have not previously submitted this work for any other unit, whether at Curtin University or elsewhere, or for prior attempts at this unit, except where clearly indicated otherwise.

#### I/We understand that:

- Plagiarism and collusion are dishonest and unfair to all other students.
- Detection of plagiarism and collusion may be done manually or by using tools (such as Turnitin).
- If I/We plagiarise or collude, I/We risk failing the unit with a grade of ANS ("Result Annulled due to Academic Misconduct"), which will remain permanently on my academic record. I/We also risk termination from my/our course and other penalties.
- Even with correct referencing, my/our submission will only be marked according to what I/we have done myself/ourselves, specifically for this assessment. I/We cannot re-use the work of others, or my/our own previously submitted work, in order to fulfil the assessment requirements.
- It is my/our responsibility to ensure that the submission is complete, correct, and not corrupted.

#### I/We further declare that:

- I/We have disclosed the use of any Generative Artificial Intelligence (GenAI) tools in the preparation of this assignment.
- Where GenAI tools were used, I/We have clearly stated:
  - the name(s) of the tool(s) used (e.g., ChatGPT, Copilot), and
  - the extent and purpose of their use (e.g., brainstorming, language refinement, code assistance).
- I/We confirm that all intellectual content, critical analysis, technical decisions, and conclusions remain my/our own work.
- I/We understand that undisclosed or inappropriate use of GenAI tools may constitute academic misconduct.
